Sequoits Lose Like Champs

The two football teams left the field looking like creatures from the black lagoon.

The players were caked with mud. Rain fell throughout the game as Grant's Bulldogs beat Antioch's Sequoits 28-13 for the championship of the Northwest Suburban Conference.

They clashed at Fox Lake on a field that resembled the

battlefields and trenches of World War I.

But this was a football game between an undefeated Grant team and an Antioch team that had lost only once.

Before the season began the "experts" figured Antioch would finish close to last, as it

Rosquist Girl Remains In Critical Condition

Six-year-old Nina Rosquist of Antioch remained in critical condition Tuesday in the intensive care unit at St. Therese Hospital in Waukegan.

She suffered multiple injuries a week and a half ago in a car-train collision that claimed the life of her mother, Norie Rosquist, 30, of Beach Rd.

Mrs. Rosquist died last Friday. A memorial Requiem Mass was held Tuesday

morning at St. Peter's church.

Final interment will be in Japan, where Mrs. Rosquist was born and lived until she came to Antioch 10 years ago. She and her husband, Edward, recently took over the ownership of Floral Acres, south of the village on Rt. 83.

A 4-year-old son, Edward Jr., also was injured in the accident but he has been released from the hospital.

BARRY GOLDWATER

Leaks Hurt Policy-Making

By SEN. BARRY GOLDWATER

The Ford White House believes that premature news leaks can have a bad effect upon the process of government policy-making.

In fact, one of the President's assistants, William J. Baroody, recently gave the Washington press corps a unique picture of how media leaks are viewed from the governmental side of the picture.

Addressing the National Press Club in Washington, Baroody, who runs the White House office of public liaison, detailed the problems involved in conducting what he termed "an open Presidency." As he explained it:

"When we open up government some significant problems of openness can emerge, which involve not only national security, foreign policy and diplomatic considerations but also governmental efficiency, frank discussion, confidentiality and privacy.

"FROM THE standpoint of the press, you take the initiative in attempting to discover and report on the internal deliberations that lead to public policy. But government often views the successful result of your initiatives as unfortunate leaks. From the government's perspective, premature disclosures of internal deliberations

can have adverse effects."

Baroody emphasized that the press often obtains information by intercepting internal memorandums in a government office without realizing that they are part of the "thinking-through process" rather than the final determination of a policy issue.

"Leaks also produce another problem," Baroody contended, "that of intentional blandness. If officials believe that their preliminary or tentative thoughts or unevaluated memos will be made public, instead of getting frank and forthright opinions in internal documents, we would begin to get antiseptic and sterile proposals. This would be an injustice and grave disservice not only to those in government but, what is more important, to the national interest."

Town Crier

Since we got in trouble with one of our readers for telling a couple of Polish jokes, we're sure glad we're not responsible for this one.

But you can blame it on a friend of ours down at the World

Famous Village Pub who says that Evel Kowalski, the Polish daredevil, jumped 19 motorcycles in a garbage truck.

Well, now Illinois has a new game called "Instant Lottery." Do any of you have the feeling that this thing is getting out of hand?

Seems to us that suckers are going into bars and playing the old numbers game all over again.

We've heard of people blowing from \$20 to \$200 just because they're too weak to realize that gambling doesn't pay in the long run. And it very seldom pays in the short run.

Everything in moderation, right?

But we have the feeling that a lot of guys are blowing their paychecks on "Instant Lottery," with the blessing of the state of Illinois. How about their families?

IT'S HARD to outwit Doug Olson of The General Store.

We were admiring Frankenstein's monster, who was greeting customers outside The Piggy Bank last Saturday when Doug came along.

"Oh, hi, Doug!" we said, pointing to the monster. "We thought that was you."

"No," he replied, "that's my mother-in-law."

RELAXATION IS an absolute essential in psychiatry. And today's message, folks, is that acupuncture can help you relax.

Forget the tranquilizers, friends, and we're not going to stick any needles into you.

For today, all you need to do is find a spot called S-36. It's on the front of your leg. You can reach it by putting your palm over your knee and stretching your fingers as wide as you can. Where your fourth finger falls, if you stretch enough, you'll find a tender, funny-feeling little area. It feels like a funny-bone sensation. It's usually tender if you have some distress in the abdomen. (Don't laugh... this is right out of a press release from a Des Plaines Hospital.)

According to the Chinese, if you press on that spot, it helps to relax the abdomen and any of the organs in the pelvis. It helps indigestion, pelvic disorders and tension.

That's all we can tell you today, without a degree in medicine. If you can't find your S-36, bring in your leg and we'll show you where it is.

Next week, we'll give you the second key to relaxation. It's called "Two Weeks in the Bahamas."

Retail Crimes Can Be Cut, Report Says

Last year, losses from crimes against retail merchants were estimated at \$5.8 billion, up 11 per cent from 1973. According to a new report by the U.S. Department of Commerce, retailers' losses from crimes such as shoplifting and theft may rise to more than \$6.5 billion in 1975.

The report highlights techniques to reduce the incidence and impact of so-called ordinary crimes such as burglary, robbery, vandalism, shoplifting,

employee theft, bad checks, credit card fraud and arson. It also identifies sources of governmental and private assistance in crime prevention.

The 50-page report, *Crime in Retailing*, is available at \$1.10 a copy from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402, and from most Commerce Department district offices.

Grade School, Teachers Near Settlement

Antioch's Grade School District apparently has reached a contract settlement with its teachers and now is studying the possibility of improvements at the Lower Grade School.

Supt. Henry Meyer said Monday that negotiations with the teachers appear "pretty much settled."

"There are some details we have reached agreement on that aren't in writing yet, but I feel quite confident the contract will be finalized at the next board meeting, Nov. 11," Mr. Meyer said.

VOTERS IN the grade school district rejected a bond referendum Oct. 18 and that means plans for a new school are "dead," at least for the present.

The state Capital Development Board (CBD) had offered \$961,560 if the voters would approve the \$1.4 million in bonds for a project estimated at about \$2.36 million.

"We can apply again later this year, or sometime in the future," Mr. Meyer said, "But at least for the time being the new school is just lost."

THE BOARD, however, is asking the CBD for a 60-day extension of time on a grant for life-safety work at the Lower Grade School.

The district's board of education would like to do some rewiring, lighting, re-plumbing and underground water and sewer work at the Lower Grade School. It also would like to extend part of the building out over the present porch. In the next 60 days it will look into the possibility of a state grant and the selling of work bonds.

Other life-safety work is desired at the Oakland Grade School and the district would have to sell \$49,000 in bonds for that work. No state grant is available.

YOU WOULD EXPECT to find a charming restaurant like this somewhere in New England, but the Colony House is just a couple of miles from Antioch, in Trevor, Wis. Luncheons are served Tuesday through Friday, dinners everyday except Monday. From Antioch, take Hy. 83 north and turn left on county trunk JF. It's a beautiful spot.

Pleads Guilty To Burglary, Gets Probation

A 19-year-old Trevor man has been placed on three years probation after pleading guilty to the June 11 burglary of the Western Auto Store at Rtes. 59 and 173 in Antioch.

George Smith admitted before Chief Circuit Court Judge Harry Strouse that he took guns, radios and sleeping bags from the store, along with Everett Gentry, 20 of rural Salem, Wis.

Police said they entered the building through an air duct. Smith was sentenced to spend the first eight weekends of his sentence in the Lake County jail and also was ordered to make restitution.

The store manager, according to police, has estimated the loss in excess of \$800. About 19 radios, a steering wheel and some hunting guns were taken by the burglars.

Walker Releases Funds for Dredging

SPRINGFIELD, Gov. Dan Walker has announced the release of \$250,000 in state funds for dredging and channel improvements on the Chain of Lakes.

The work will be done on connecting channels between Nippersink and Pistakee Lakes in the vicinity of the village of Fox Lake.

The Chain of Lakes - Fox River Commission had asked that this area be given top priority for dredging operations by the state.

The channel dredging will help restore easy passage between the lakes for boats and

improve their access to nearby marinas. Bids for the work will be asked early next year and work could begin soon after contracts are awarded, Walker said.

The accumulation of silt in the channel area has impeded water sports and boating activities.

The commission is conducting foundation borings to determine the best location for the handling of spoil disposal from the dredging operations.

The next regular meeting of the Chain of Lakes - Fox River Commission will be Friday at the Fox Lake village hall at 1:30 p.m.

The Chevette hatchback coupe has the standard 1.4 litre four-cylinder engine and four speed manual transmission. The Chevette is the first European design concept built completely in the United States. Illinois State Council members of the Knights of Columbus will conduct their sixth annual campaign for funds for the mentally retarded on Friday and Saturday.

CLIFFORD JONES

Allendale Honors Clifford Jones

At a party celebrating his 40 years as a member of the staff at Allendale School for Boys, Clifford Jones, known as "Mr. Allendale," accepted a "caricature" depicting his years at the school.

Cliff came to Allendale as its band leader in 1935 and, except for time out during World War II, has served the thousands of boys who have come and gone during those years.

Those who gathered to honor Cliff for his service to youth included members of the staff, past and present, boys who graduated from Allendale back in the 40's, 50's and 60's,

businessmen with whom Cliff has dealt during the years, friends, and two trustees from Lake Villa. As a special surprise, his sister and brother-in-law came from Decatur to attend with 120 of Cliff's friends.

Mr. Jones, sometimes called "Prez" by his old friends, received a plaque which read, "Clifford Jones - in recognition of your service to youth, your friends at Allendale," and an all-expenses paid Caribbean cruise for one week.

Cliff, who now serves Allendale as its assistant director, has served on the staff under all its executive directors, including its founder "Capt" Bradley.

Chamber of Commerce and Industry. It was a program to acquaint business and industry with the operations of the school.

Superintendent Polley and Adrian J. Mueller will meet with the Lake Villa Chamber of Commerce and Industry to discuss a similar visitation program.

So far for this school year, 16 Senior Citizen passes have been requested and issued.

The board approved the use of the cafeteria on Tuesday, Nov. 11, in connection with the Bicentennial cross-county run. Cross-country teams from all schools in the county will participate in the event. The Antioch Lions Club is sponsoring the refreshments and guest speaker.

Principal Arthur Blecke reported that out of 21 courses offered by the Adult Cooperative Evening School 19 are in operation, several in more than one section. Antioch is hosting intermediate shorthand, wood-working and refinishing, metal work and welding, intermediate sewing, two sections of beginning oil painting, physical fitness for women and preparation for the G.E.D. examination.

Director of Guidance and Curriculum Edward Kurek introduced enrollment figures from the feeder elementary schools indicating the high school enrollment could increase by an additional 100 students next year. The Oct. 1 high school enrollment this year was 1,639. Last year the enrollment was 1,571 and the previous year it was 1,466.

Gas Station Broken Into

Antioch police last weekend were investigating a burglary at Norm's Standard Station.

The owner told police that entry was gained by removing a panel from an overhead door. Two tires, valued at \$52 each, were missing.

In another incident, Darwin Henke of Kenosha reported that his car was stolen from a parking lot at Regal China. It was found later in Kenosha, undamaged.

Shirley M. Dodge reported that paint was thrown on her automobile while it was parked in an Antioch lot.

Old Farmer's Riddle: What does an artist like to draw best? (Answer below.)

Ask the Old Farmer: Can you help me locate a curtain stretcher or dryer? My mother used one to shape and dry her lace curtains and tablecloths, but not many people know what I mean today. I'd make one if I had the plans. H.F., Greenville, N.C.

Our sainted grandmother, the one who carried a hatchet in her apron pocket, always stretched her lace curtains on her quilting bars. Antique shops carry quilting bars, and they are easy to copy.

Home Hint: Cool soup to room temperature and then pour it into plastic bags for freezing. The contents can be defrosted, a bag at a time, for a hearty, quick meal... Riddle answer: His salary.

Price Controls Would Hinder Inflation Fight

The National Association of Manufacturers recently cautioned legislators against reinstituting wage-price controls.

The nation is still suffering from the damage done by the wage-price control system that was abolished 14 months ago, Austin J. Paddock, executive vice president and chief operating officer, Pennsylvania Engineering Corp., told the House Banking, Currency and Housing Committee's Subcommittee on Economic Stabilization.

Mr. Paddock, who is chairman of NAM's Committee on Economic Policy, declared legislation aimed at new attempts at government wage-price intervention would obstruct, rather than assist, the current move toward a more moderate rate of inflation. He cautioned that a business firm will be inhibited in experimental moves toward price reduction if it might subsequently be locked into lower price schedules by renewed price control action.

Mr. Paddock urged restraint in federal spending, noting that "if national fiscal and monetary policy is mishandled, there is a real likelihood of a new wave of inflation."

"As near as I can figure it, the tenor's been called out on a throw to second and he's claiming interference."

Sequoits Lose to Grant In Hard-Hitting Title Game

Continued from page 1

did last year. But this was an amazing Antioch football team.

Except for an early-season loss to Stevenson, these Sequoits beat everybody who came along and trailed this very talented Grant team by only 20-13 until the last four minutes.

weekend tied for second (with 6-2 records) with Woodstock and Stevenson.

Prior to Grant, Stevenson was the only team that beat Antioch. It was the second game of the season and Stevenson won 14-0. Nobody was surprised, because nobody expected Antioch to get tough and win its next five games.

Antioch also surprised Woodstock 20-14 in the season opener. So if the Sequoits beat Grayslake Saturday, they get at least a tie for second place.

(If they lose to Grayslake, they'd better not come home - because, so far, Antioch is terribly proud of this football team.)

LIKE LAST Friday, Antioch was up against a bigger and superior team. The championship was at stake. The rain poured and turned the field into a muddy sponge.

Antioch and Grant battled out there, the excellent runners and passers making some headway despite the swampy conditions. But the defensive players skidded through the mud and jarred the ball-carriers with tackles that sent players skidding 20 or 30 feet along the ground.

Then the underdogs, the Sequoits, got on the scoreboard first. Halfback Dave Moore broke loose for a long run before he was tackled on the Grant 16. Then quarterback Bodin slithered around right end for 16 yards and a touchdown. Dick Kessler's kick put Antioch ahead 7-0 and, gosh, the big crowd that followed the Sequoits to the game thought, just maybe, their team might win.

But Grant charged back with two touchdowns and seized a 14-7 halftime lead. Their super speed, exemplified by quarterback Kevin Kelly and runners Steve McLeod and Sherwin Savage, were too much for Antioch to stop. They did it with runs and passes to the outside that Antioch couldn't cope with.

And in the third quarter, a 44-yard pass play from Kelly to McLeod put Grant ahead 20-7.

AS USUAL, Antioch refused to quit. In the fourth quarter, the Sequoits marched 82 yards

through the mud to close the gap to 20-13. Bodin made gains of 7 and 8 yards, then passed to Chris Boarini for 37 yards and to Dan Vos for 21. Bodin scored from the two.

Antioch hopes were still alive, but only briefly. Grant, "the best high school team in the area," according to most observers, plowed 59 yards to make it 28-13. A short pass from the slippery quarterback, Kelly (who was even more hard to grasp because of the mud), concluded the scoring. He also passed for the extra point.

Kelly will be the all-conference quarterback, but Antioch's Bodin won't be far behind.

BOARINI CAUGHT three of Bodin's passes for 51 yards. Moore ran for 96 and Tim Sheppard, a tiger on both offense and defense, gained 45.

Keith Evanson did a good job of punting Antioch out of the hole on five occasions. Some feat with a muddy, slippery football.

"We've got a good group of kids," said Coach Nelson. Then, when you ask him which players were outstanding you ask the impossible question.

"All of them on defense," he said. "John Kakacek knocked Simmons out of bounds once and the mud flew for 30 yards. Kakacek ran right back to his position but Simmons was a little slow in getting up. And after Mitch Witt hit them a few times, they didn't run at him again very often. Rich Coles did the job at linebacker and then there was Rich Dauck and Don Norwick, and Sheppard."

It was obvious the coach wanted to mention the whole Antioch team. He praised Dave Bogaerts' offensive blocking: "a 160-pounder who played like a 240 pounder."

He also mentioned the offensive play of Paul Petty and Boarini's ability to catch the wet football.

But Coach Roy Nelson was most proud of the way his team, after losing the championship, walked across the field and shook hands with Grant's Bulldogs.

THE ANTIOCH varsity football squad extends a hearty birthday greeting to Fidora Turchi. Yes sir, today's the day! (That's an inside joke. You'll have to ask Coach Roy Nelson to explain it.)

LAST WEEK'S SCORES

Grant 28, Antioch 13

SATURDAY'S FINAL GAMES

Antioch (6-2) at Grayslake (0-8)
Grant (8-0) at Woodstock (6-2)
Warren (3-5) at Wauconda (3-5)
Lake Zurich (3-5) at Stevenson (6-2)
Round Lake (1-7) at Cary-Grove (4-4)

EVEN IN THE MUD, Dave Moore, Antioch's leading ball-carrier was able to slosh for big yardage last Friday against Grant. The Sequoits' No. 32 charged for 96 yards in 10 carries and his gains helped keep Antioch in the game until the final minutes.

Antioch Sophs Stay Unbeaten

Antioch High's Sophomore football team remained unbeaten last Friday, beating Grant 7-4 in a rain-soaked, hard-fought preliminary game at Fox Lake.

Antioch's freshman also won again, 42-18.

In the sophomore game, oddly enough, all of the scoring was done by Antioch. The future Sequoits scored early in the third quarter, just before the rain came crashing down, halting the game for 15 minutes.

After play resumed, neither team could accomplish much. To prevent giving up the ball close to the goal, Antioch

elected to run into its own end zone twice, from one and eight yards out.

Antioch rushed for a total of 130 yards with Tom Huebner gaining 62 of them and completing two passes for another 58 yards.

Grant was held to 43 yards on the ground and 38 in the air.

Jim Crutchfield and Rich Packert did will on defense for Antioch while Kenn Rosenbrock, along with Huebner, picked up valuable yards on offense.

Two new ways to save taxes

If you're not covered by a qualified pension plan where you work, a new law lets you set aside up to \$1500 a year in a tax-deferred Individual Retirement Account (IRA).

If you're self-employed, you can put aside up to \$7500 a year in your own tax-deferred Keogh HR-10 retirement plan.

You don't pay federal income taxes on the funds set aside in these plans until you retire. But your plan must comply with the requirements of the new law.

QUARTERBACK JON BODIN gave another outstanding performance for Antioch in last Friday's championship game against Grant. Bodin made key tackles on defense and kept the Sequoia offense moving with the help and advice of assistant coach Ted DeRousse (left).

Doggone It! 'Mandy' Witt Won the \$15

A lot of people came close in last week's Antioch News football contest, picking Grant to win by 12, 13, 14 or 16 points.

But only one "person" ... well, actually, a little poodle dog named "Mandy" Witt ... was the only one who sensed that Grant was going to win by 15.

The final score was 28-13.

"Mandy," you see, is Mike Witt's dog. Mike thought he'd play a little game with "Mandy."

"What do you think, Mandy? Grant by 12? By 13? By 14? By 15?"

Mandy kind of nodded her head.

So Mike picked Grant to win by 15 points and, consequently, he won the first prize of \$15, donated by Dick Verkeyn of Antioch Firestone.

THERE WAS a four-way tie for second place in the contest as four persons missed picking the outcome by only one point. Steve Pilcher said Grant would win by 16, while Matt Dye, Bruce Tossey and Danny Johnson all said Grant would win by 14.

The tie-breaker was Monday night's Bear-Viking game and,

surprisingly, the Vikings won by only four points.

Matt Dye came closest, predicting the Vikings would win by 21. He will receive second prize in the contest, a \$10 gift certificate at Rittenhouse & Embree Lumber Co.

Bruce Tossey and Danny Johnson both said the Vikings would win by 28, while Steve Pilcher said by 33. So Bruce and Danny tie for third and we'll send each of them a \$5 gift certificate at the Piggy Bank Discount Store.

THE SEASON'S final football contest appears elsewhere in today's Antioch News. The Sequoia will end their season Saturday, 2 p.m., at Grayslake. First prize once again is \$15 in cash, so be sure to get your entry in before Saturday's kickoff.

pre-school story hour, Wed., Oct. 29 and Nov. 5 from 12:30 to 1 p.m. at the Antioch Library. What a wonderful way to acquaint our little ones with the library and foster a desire to read.

When Antioch plays at Grayslake this week, football coach Nelson will be shaking hands with one of his former players. Dave Bonner, who played for Mr. Nelson and for Antioch about 12 years ago, is

now the Grayslake coach. "And he's quite a fine young man," says Coach Nelson.

The Lake Region Homemakers Dinner-Fashion Show was a tremendous success last week at the Holiday Inn in Gurnee.

A full house enjoyed good food and the homemakers exceeded themselves in their style show.

Dawn McBain and Eileen McBain were the lucky winners of the new sewing machine.

The handmade quilt was won by Barbara Hess of Rockford.

The first Chicago Scrabble Players Tournament, sponsored by the Northwestern University, is now registering contestants. The tournament will be held at the Norris University Center in Evanston on Sundays, Nov. 2 and 9.

The top eight scorers from each week will receive a T-Shirt.

Those who are interested in entering should send their name, address, and phone number to Allen Beach, 1999 Sheridan Rd., Evanston, 60201.

'Bicentennial Seniors' Will Discuss Issues In Williamsburg

The "Bicentennial Seniors" program has recently been recognized as an official Bicentennial project by the American Revolution Bicentennial Administration.

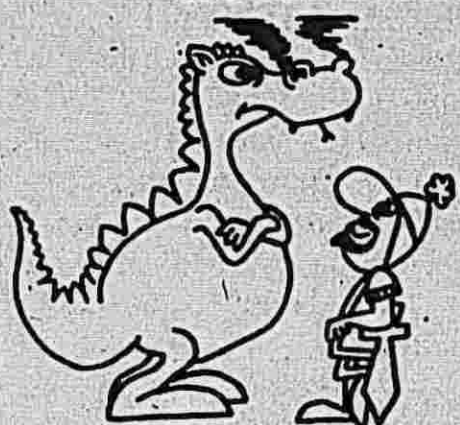

Under this program, two high school students from each state and the District of Columbia will be chosen to travel to Colonial Williamsburg, Va. There they will discuss significant educational and social issues facing the United States, hear prominent speakers and benefit from the historical experience of Williamsburg.

Participants for the program, to be held Jan. 16-19, 1976, will be selected by state selection committees.

Applicants will write copy to be broadcast on CBS Television's "Bicentennial Minutes," compose a 300-500 word commentary discussing the relevance of the minute for today, and take a current events examination.

For information, write to: School Principals, 1904 Association Drive, Reston, Virginia 22091.

THE 1976 CORDOBA, also known as the small Chrysler, has been one of the best sellers of the new-car season at Hucker & Sons Chrysler-Plymouth in Lake Villa. Cordoba's unique character and flare is revealed in its fine grille texture and proud hood ornament, displaying the Cordoba crest. Formal roof lines and opera windows with slender side lamps are further indications of its elegance.

A NEW CONSTELLATION

Continental Congress passed a resolution that established the Stars and Stripes on June 14, 1777, but did not specify the arrangement

of the thirteen stars on the blue union, except to say that they should represent a new constellation. As a consequence, according to the U.S. Marine Corps Reserve, we find a variety of forms. The first flag, popularly known as the Betsy Ross flag, had them arranged in a circle, based on the idea that no colony should take precedence.

SCRUMPTIOUS SKRUNCH

Here's a great treat for your child's sweet tooth:

SKRUNCH

- 2 cups corn flakes
- 1 cup crisp rice cereal
- 1/2 cup semisweet chocolate chips
- 1 cup broken pecans or walnuts
- 3/4 cup light or dark corn syrup
- 1/4 cup sugar
- 2 tablespoons margarine
- 1/2 teaspoon vanilla

Mix together cereals, chocolate chips and nuts in large bowl; set aside. Mix together corn syrup, sugar and margarine in a small or medium saucepan. Stirring constantly, bring to full boil over medium heat and boil three minutes. Remove from heat. Cool 10 minutes. Add vanilla. Beat mixture with wooden spoon about three minutes or until mixture turns a lighter color and thickens. Pour over cereal mixture all at once. Toss to coat evenly. Press firmly into Dixie "X" nine-oz. kitchen refill cups. Insert wooden sticks or lollipop sticks. Chill until set — one to two hours. Loosen Skrunch with spatula and slip out of cup or slit cup lengthwise and remove. Does not require refrigeration after Skrunch is set. Makes six bars.

Goblins And Ghost Stories

Halloween Can Be Fun-Filled And Safe

Outlandish costumes, goblins and goodies, "trick or treat"—that's Halloween. But have you ever wondered about the origin of this tradition?

The earliest observance is unknown, but began with ancient beliefs. Way back in time, the first of May was celebrated as the first day of summer. That's when the cattle were sent out to pasture. November 1 was celebrated as New Year's Day because that's when cattle were returned to the barns.

In those days it was believed that the night before the New Year, ghosts flocked around to mingle with the living. People prepared banquet-laden tables to greet the ghosts who were thought to throng around houses. From that pagan feast grew our current Halloween stories of ghosts and goblins.

The word "Halloween" came into existence with the advent of Christianity, signifying the evening before All Hallows or All Saints Day. Early Christians fasted for departed souls, and many people dressed in costumes representing their favorite patron saints.

Actually, Halloween as we celebrate it today is no longer related to All Saints Day. Children of America have taken over the holiday.

Candidates' Petitions Now Available

Grace Mary Stern, county clerk, has announced today that candidates' petitions are available in her office, together with complete instructions for filing.

The blank petitions will be given out as part of a "kit" containing information about filing, the number of signatures, as well as a statement of candidacy and a loyalty oath, both of which must be filed at the same time as the petition.

Filing dates for the March Primary are the week between Dec. 8 and 15.

For the first time, as a result of recently passed legislation, independent candidates will be required to file their petitions at the same time (Dec. 8 - 15) as candidates running for the Democratic or Republican nominations.

"I suspect this was intended to prevent a candidate who loses in a partisan contest, coming back and filing as an independent in the summer," said Mrs. Stern. "That kind of double opportunity is no longer available."

To keep Halloween fun-filled and not trouble-filled, here are a few tips from the Scott Paper Company Home Service Center.

It's wise for parents to allow small children to go trick or treating only in the immediate neighborhood where they know their neighbors. Wearing costumes that can be detected in the dark is a good idea—light colors are best. Costumes shouldn't be bulky or too long,

either—to help prevent stumbling or falling.

Another way to make Halloween safe is to have a party at home. They're fun to plan and kids love them. One tip is to hide lots of small candies tucked in wax paper bags throughout several rooms in the house and have a candy hunt. Paper products will come in handy—from paper napkins to Viva Towels. That makes the party fun and easy as well.

Planning for those inevitable treats is an important consideration, too. It's a good idea to buy large bags of pre-wrapped miniature candies. The candies can be divided into wax paper bags, all ready to give to those adorable trick-or-treaters.

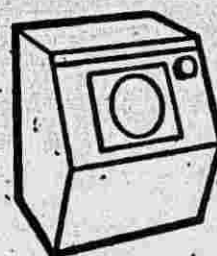

Since fruits are often used as treats, remember to wash and dry them, and then wrap individual fruits in wax paper so they'll be protected when dropped in a "trick-or-treat" bag. (Did you know that apples, a special Halloween fruit, goes back to an old tradition, also? Young girls used to pare apples and let the peellings fall over their shoulders—whatever initials took shape signified the initials of their sweethearts!)

THE HEAT PUMP

A new era in home climate control begins

About forty-five years ago, scientists began developing a revolutionary heating device that uses the heat of the earth's atmosphere. They called it a heat pump. Today, it is the only commercially available heating system that provides an answer to shrinking supplies of fuel oil and gas.

How the heat pump works.

Basically, the heat pump moves heat from one place to another. Using electricity to run the device, it extracts heat from a limitless source—the heat in outdoor air. During winter, enough heat remains in the air—even on the coldest and cloudiest days—to be extracted by the pump and transferred indoors as clean, flameless heat. And during warm weather, the process automatically reverses, removing excess indoor heat and humidity—like an air conditioner.

Better efficiency.

In short, the heat pump does the job of both a furnace and an air conditioner. But there's an important difference. The heat pump produces more than 1 1/2 units of heat energy for every unit it consumes. That's better efficiency than any other current heating system.

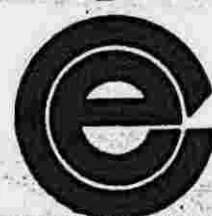

It's ready.

It's ideal for new homes because it won't be obsolete in ten years. It's not dependent on the fossil fuels that may not be available in the future. To the homeowner, that means significant long-term savings on heating costs.

The heat pump is a big step in the conservation of scarce fuels. And here in northern Illinois, the electricity you would use to capture the heat comes mainly from coal and nuclear energy, rather than scarce oil and gas.

To get the full advantages of the heat pump, it's important to get a quality product, properly installed and reliably serviced. For the name of qualified installers in your area, call G. W. Berkheimer (Westinghouse Distrs.), (312) 374-4411, or General Electric Co., (312) 496-6356. If you want additional heat pump information, call your local Commonwealth Edison office and talk to our marketing engineer.

PAGING THROUGH THE PAST

Remember Life in the Swinging 60's?

By BETSY ROSSEN

In recent weeks we have gotten a glimpse of Antioch life over the years through the pages of the Antioch News. Perhaps the time has come for those of us who grew up in the swingin' 60's to open our scrapbooks, autograph albums and yearbooks.

Grade school was the time of jump-rope and kickball, number lines and spelling bees. Everyone had to bring a box of Kleenex to share with the class. The seasons and forces of tradition brought marbles, jacks and yoyos to the

ribbon to make the most appealing "mailbox." The anxious wait - did I get a card from that special someone?

RAINY DAYS stretched our creativity as we strove for new prowess in Eraser Tag, Fruit Basket Upset and Seven-Up.

Many a late afternoon playtime was cut short when we remembered Garfield. Goose was about to start. Would we

make it in time for "Clutch Cargo," with Spinner and Paddlefoot?

Woody Woodpecker's newsreels were a source of information as well as entertainment. But morning television had an educating effect of its own with such standbys as Captain Kangaroo.

Does anyone remember the Geraldine show? How enthusiastically we sang "Be Kind to

your Parents." That crazy little giraffe and her song had an important influence on Chicago-area kids.

CONSIDER NOW those personal milestone and vivid memories. Remember when an increase in allowance meant you got a shiny quarter instead of 20 cents?

Remember when two peanuts in one handful of Cracker Jack

made your day?

Remember when you wondered how the Tooth Fairy always knew when to come?

Remember when you finally got the nerve to ride your bike without training wheels?

Remember when your mom finally said you could cross the street alone?

Living in the past is not healthy, but I hope we never lose our appreciation for it.

playground at appointed times each year.

A page of arithmetic homework per week was an unbearable load; far more important were the plays presented by each room. I will never forget the sound of my brother yelling, "There's Betsy!" from out in the audience during a particularly poignant moment in the fifth grade classic "It's a Dragon's World."

Every Valentine's Day brought out the artistic skill in many a youngster as they struggled with shoeboxes, glue, construction paper, doilies and

Sleep Good For Beauty

Chicago (NFS) - They may all laugh when you mention getting your "beauty sleep," but it's really no joke, according to Sally Ames, sleep consultant to the Spring Air Mattress Company, Chicago.

"Signs of aging are caused, in part, by the human body's failure to replace cells as quickly as they are lost," she explained. "Production of new skin cells occurs about twice as fast during sleep as during wakeful hours."

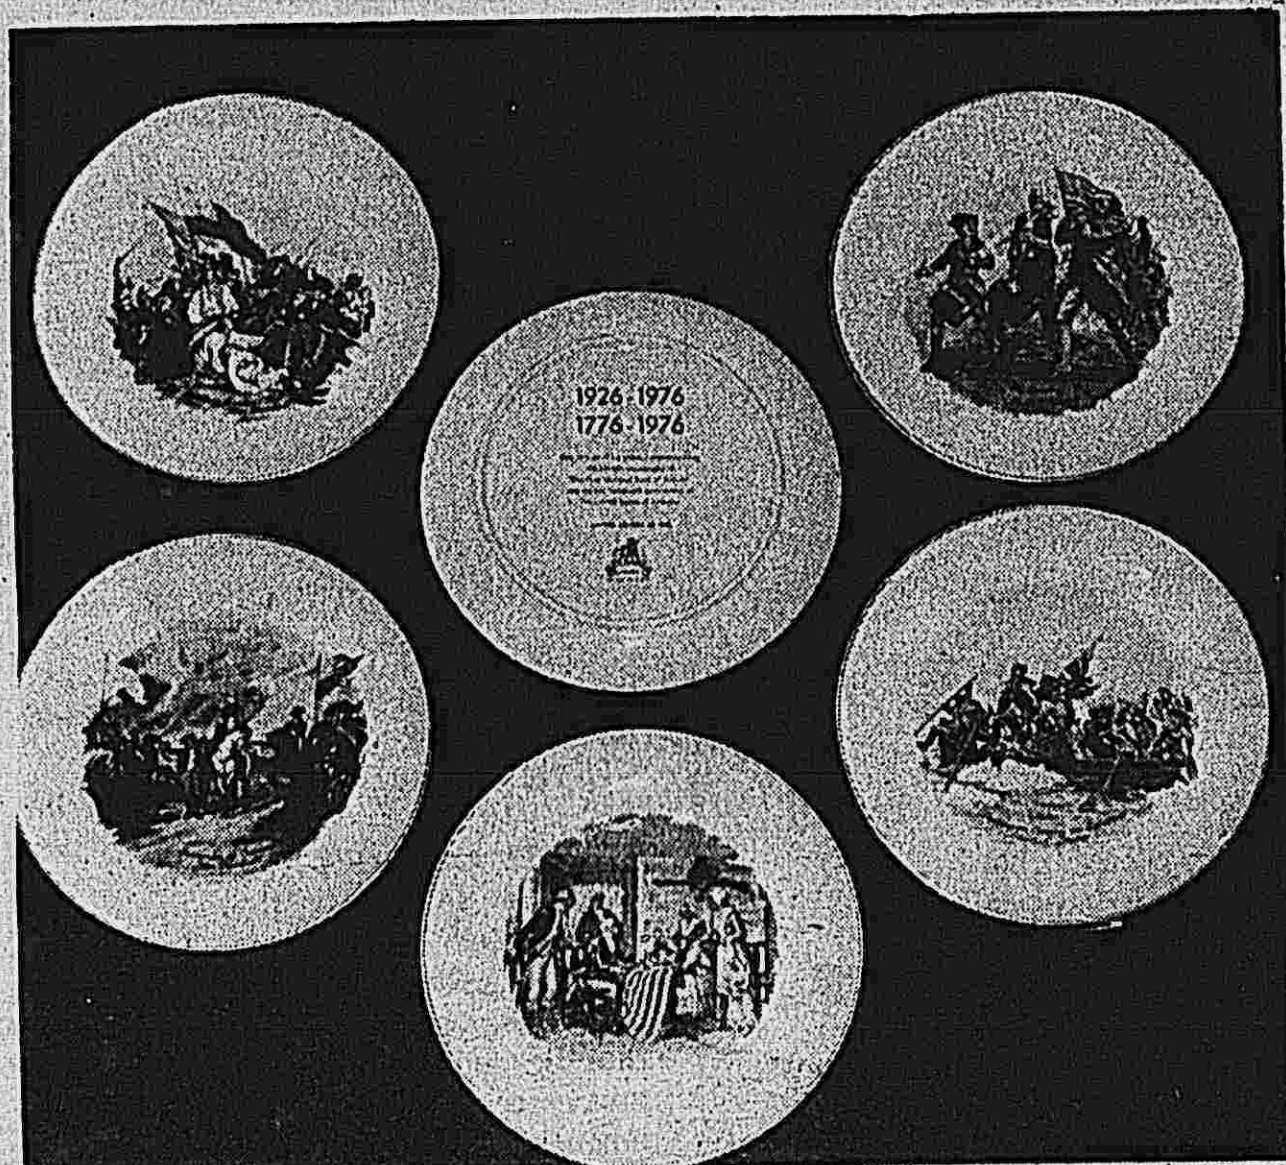

"ADEQUATE, RESTFUL sleep is second only to correct nutrition in helping a person to look younger longer," she pointed out.

If a normal night's sleep doesn't leave you feeling - and looking - truly rested and refreshed, an old or too-soft mattress could be partly at fault.

Most beauty experts agree on the need for bedding that is firm enough to give the body proper support, yet soft enough to encourage comfortable sleep without cutting off circulation. It's this combination that makes the Spring Air Back Supporter mattress a favorite among "sleeping beauties," the consultant noted.
